RE: Ian Maynard

To Whom It May Concern:

Ian Maynard had interned at our firm from May 11, 2011 until September 8, 2011 when he then returned to school. I have found him to be a very bright, quick, and thoughtful student of architecture and its processes. His observation of our firm's management was very impressive.

Ian is a diligent and thoughtful student who quickly adapted to the office environment. He is a self starter and very motivated. He takes on whatever task is at hand and works independently or as a team player. He will be a true asset wherever he is employed.

Sincerely,

McKee Patterson, AIA
Partner
